Liberty Solar Solutions

Liberty Solar Solutions is committed to providing quality solar energy design, installation and service to our clients. We install a variety of Photovoltaic applications and specialize in Grid-Tied or Net Metering solar system. The effectiveness of solar energy depends greatly on the amount of energy used in the home. Consequently our first priority is to conduct an Energy Usage Analysis to suggest ways the home can be run more efficiently. Proper attic venting is important to maintain a healthy energy efficient home. We are a Certified Dealer for Natural Light Solar Attic Vents providing sales and installation. Primarily serving Garland, Saline and surrounding counties. Call us today for your home energy analysis and solar site survey.
