

[Affordable Energy Solutions](#)

AES is Florida's Leading Energy Consultants. Speak with one of our energy consultants today. Our Energy Survey is absolutely FREE. Learn more about how to reduce your costs. We will be happy to show you the products that are available on the market and discuss specific concerns and options that are available to each individual home. Call Now! 800-331-3121

- **Products:** Natural daylighting, solar water heating systems, solar pool heating systems, solar thermal energy, tubular skylights, solar roofing systems, Free Energy Survey, Cellulose Insulation, Skylights & Attic Fans.
- **Services:** Consulting, installation, construction, contractor services
- **Address:** 12795 49th Street N, Clearwater, Florida 33762
- **Telephone:** 800-331-3121
- **FAX:** 727-572-8755
- **Web Site:** <http://www.floridaaes.com>

[Global Sun Energy Corporation](#)

Design, Engineer, Manufacture Thin Film Photovoltaic Systems Including Ground Mounted Systems. Small To Medium Size Systems:1. 0KW to 1 Megawatt Wind Turbines With Asynchronous Generators, No Inverters Required. 2. 2KW to 45KW

- **Business type:** Manufacturer, wholesale supplier, exporter
- **Products:** Photovoltaic systems, photovoltaic module mounting systems, wind energy systems (small), wind energy towers and structures (small).
- **Services:** Consulting, design, installation, construction, engineering, project development services, site survey and assessment services, financial services, contractor services, maintenance and repair services
- **Address:** 1950 Coronado Ave, Fort Myers, Florida 33902
- **Telephone:** 239-656-0818
- **FAX:** 239-997-2361
- **Web Site:** <http://www.globalsunenergycorp.com>

Florida Solar Energy Center

- **Business type:** Trade association, research institution
- **Products:** Energy efficient homes and buildings, solar water heating systems, photovoltaic systems, solar water pumping systems.
- **Services:** Consulting, project development services, education and training services, research services
- **Address:** 1679 Clearlake Road, Cocoa, Florida 32922
- **Telephone:** 321-638-1004
- **FAX:** 321-638-1010
- **Web Site:** <http://www.fsec.ucf.edu>

SolarEcoPower

SolarEcoPower through its volume purchase agreement with several manufacturers is able to offer substantial discounts to Solar PV installers. If you need container or pallet load quantities for your projects, we would welcome the opportunity to quote pricing. We represent PV modules such as EvergreenSolar, SunTech Power, Sharp, Kyocera and others. We also represent inverter manufacturers such as SMA and Solectria. In addition, we can offer single and dual axis tracking systems from Tiedermann as well as ground mounting systems from Krinner. All products are US (UL) certified and come with manufacturers warranties and with post sales support from SolarEcoPower. Due to our large project experience and volume purchasing in our European division...

- **Business type:** Retail sales, wholesale supplier, exporter, importer
- **Products:** Photovoltaic modules, photovoltaic systems, investment and financial services.
- **Services:** Consulting, design, construction, project development services, financial services
- **Address:** 17125 N Bay Rd, Sunny Isles Beach, Florida 33160
- **Telephone:** 1-305-778-8721
- **FAX:** 1-305-945-8221
- **Web Site:** <http://www.solarecopower.com>

Sunova Energy, Inc.

Sunova is focused on delivering cost-effective solar energy services for corporate, industrial and government use. We will implement a solar solution for you with no up-front costs. Simply pay for the energy as you use it.

- **Products:** Solar electric power systems.
- **Services:** Installation, construction, engineering
- **Address:** 105 S. Riverside Drive, Suite 200, Indialantic, Florida 32903
- **Telephone:** 321-422-4010
- **FAX:** 321-639-0326
- **Web Site:** <http://www.sunovaenergy.com>

The Camelot Technologies Group, Inc.

The Camelot Technologies Group, Inc. (CTG), is a privately held energy services, consulting and power generation equipment supply company formed in 1996, with its corporate headquarters located in Tampa, Florida. It is CTG's mission to offer a full menu of comprehensive energy related services, strategies and equipment including new, refurbished and decommissioned utility grade equipment. CTG also provides market valuation services, feasibility and pre-engineering studies for all types of BIOMASS/COGENERATION projects.

- **Business type:** Wholesale supplier of new, used and refurbished gas turbines, reciprocating engines, complete biomass power plants, transformers and switchgear.
- **Products:** Biomass, Geothermal and Cogeneration Energy Planning and Project Management, Gas Turbine Generator Sets, Diesel Generator Sets, Steam Turbine Generator Sets, Boiler systems for waste to heat energy projects, complete power plants and auxiliaries from 500kw-100Mw for any power project application. We also provide remanufactured 1600-2250Kw customized and packaged 20 cyl. 645 EMD reciprocating diesel engine generator sets. These EMDs can be converted and configured to burn biodiesel grade fuel. .
- **Services:** CTG offers a full menu of appraisal and valuation, biomass consulting, engineering, project development services, financial services, and contractor services. We specialize in back up electrical generation for universities, hospitals, paper mills, manufacturing, refineries and processing facilities.
- **Address:** 17231 Camelot Court, Land O' Lakes, Florida 34638
- **Telephone:** 813-920-8725
- **FAX:** 813-433-2423
- **Web Site:** <http://www.camelottech.com>

[Power Production Management, Inc.](#)

Power Production Management, Inc. provides sales, education, installation, service and support for solar pv, solar hot water, and solar pool heating systems for the residential and commercial sectors. We are a state licensed solar contractor in Florida - CVC56764. We also provide wholesale renewable equipment supplies such as, solar pv modules, inverters, and whole packaged kits. Contact us for information on our products and services.

- **Business type:** Wholesale supplier, contracting, retail sales
- **Products:** Solar electric power systems, photovoltaic systems, photovoltaic modules, solar thermal energy, solar pool heating systems, solar water heating systems.
- **Services:** Consulting, design, construction, engineering, contractor services
- **Address:** 1212 SW 5th Ave, Gainesville, Florida 32601
- **Telephone:** 352-682-8826
- **FAX:** 866-228-1581
- **Web Site:** <http://powerproductionmanagement.com>

[The Renewable Technologies Corporation](#)

The Renewable Technologies Corporation (RTC) () is an alternative energy services company founded in 2007, and serves as a wholly owned subsidiary of The Camelot Technologies Group, Inc. (CTG)www. camelotech. com. RTC is established as an auxiliary business unit to support and augment CTG's global power generation equipment and utility services parent corporation. RTC offers an excellent solution set corresponding to the emerging need for the delivery of specialized project management, equipment and financing services in the alternative clean energy sector. We are experienced and capable of providing a multitude of essential early stage technical advisory services focused on biomass, geothermal and cogeneration pre-engineering and design, ...

- **Products:** Cogeneration systems, biomass energy systems, biomass energy system components, geothermal electric power plants, geothermal energy systems, geothermal energy system components.
- **Service types:** Consulting, design, installation, construction, engineering, project development services, contractor services
- **Address:** 17231 Camelot Court, Land O Lakes, Florida 34638
- **Telephone:** 813-920-8725
- **FAX:** 813-433-2423
- **Web Site:** <http://www.renewabletechcorp.com>

Eco Engineering

Providing Energy Audits for Buildings and LEED evaluations

- **Products:** Energy efficient homes and buildings.
- **Services:** Design, construction, engineering
- **Address:** 10400 Griffin Road 201, Cooper City, Florida 33328
- **Telephone:** 954-434-2053
- **Web Site:** <http://www.e3-eco.com>

Advanced Solar Technologies, Inc.

A premier Florida solar installer of large and small, commercial and residential PV solar solutions. Instrumental in the launching solar applications in Gainesville, Florida, AST is now answering the call for practical and affordable solar alternatives to rising utility prices throughout all of Florida. The only way AST succeeds is by helping businesses (and residential communities) succeed and prosper under the sun.

- **Products:** Solar electric power systems, photovoltaic systems commercial, photovoltaic systems residential, photovoltaic systems, Government Solar Systems.
- **Services:** Consulting, design, installation, construction, engineering, project development services, education and training services, site survey and assessment services, contractor services
- **Address:** 200 NE First St., #107, Gainesville, Florida 32609-4149
- **Telephone:** 386-334-3380
- **FAX:** 407-557-3202
- **Web Site:** <http://www.ast-solar.com>

Idec, LLC

IDEC is your partner for green energy, from design to projects implementation, IDEC is committed to customer satisfaction.

- **Business type:** Retail sales, wholesale supplier, exporter
- **Products:** Wind turbines (large), wind turbines (small) vertical axis, solar thermal energy, solar electric power systems, fuel cell systems, DC to AC power inverters sine wave.
- **Services:** Consulting, installation, construction, project development services
- **Address:** 1395 Brickell Avenue # 800, Miami, Florida 33131
- **Telephone:** 1-305-606-2823
- **FAX:** 1-305-870-0707
- **Web Site:** <http://www.idecus.com>

NRG Power Solutions

NRG Power Solutions is a Value Added Partner for GE's Power Quality division and a manufacturer's representative for CSB Battery Technologies Inc. NRG offers the full line of GE power quality products including Uninterruptible Power Supply (UPS), Automatic Transfer Switches (ATS), Transient Voltage Surge Suppressors (TVSS) and Paralleling Switchgears (PSG) for a variety of applications. NRG also offers the complete line of CSB products. CSB is a leading manufacturer of VRLA batteries providing over 5 million batteries monthly. CSB products are utilized in over 52 countries for telecommunications, Uninterruptible Power Supply (UPS), emergency lighting, security and many other applications. NRG provides sales, support, maintenance and install...

- **Business type:** Wholesale supplier, exporter, retailer, reseller, distributor, manufacturer's representative
- **Products:** Uninterruptible Power Supplies, (UPS), batteries emergency backup, batteries VRLA, backup power systems, batteries lead acid sealed, batteries lead acid, automatic transfer Switches (ATS), Paralleling Switchgears, (PSG), Transient Voltage Surge Suppressors, (TVSS), batteries.
- **Services:** Installation, maintenance, support and repair services
- **Address:** PO Box 1145, Ocoee, Florida 34761
- **Telephone:** 407-574-2405
- **FAX:** 407-964-1469
- **Web Site:** <http://www.nrgpowersolutions.com>

Energy Outlet Inc., The

Solar Sales And Service

- **Business type:** Manufacturer, retail sales, wholesale supplier
- **Products:** Residential, Commercial, solar water heating systems, residential and commercial solar electric power systems, solar pool heating systems, DC to AC power inverters, backup power systems, energy efficient homes and buildings, Solar Street Lights, Solar Electric Lighting Systems Wind Generators 500 watts to 1000 kW.
- **Services:** Service parts and repair Solar Domestic Hot Water Systems, Solar Pool and Spa Systems, Solar Emergency Power Systems.
- **Address:** 905 Hibiscus Ave. P. O. Box 312, Bunnell, Florida 32110
- **Telephone:** 1-888-780-0005
- **FAX:** 386-437-4219
- **Web Site:** <http://www.theenergyoutlet.net>

Sun-Dome by Daylighting Technologies

3-sizes, 10"-13"-21". Aluminum flashings provided to fit slope of roof correctly. Custom flashings for metal roofs. Polycarbonate Lexan domes that are warranted against breakage from large hail or yellowing. and are UV stable. 10 year warranty. Our unit is NFRC certified and we are Energy Star Partners. Commercial. retail, warehouses, schools, residential, and industrial applications. Building code tested & approved. Qualifies for new energy tax credits & LEED points. "PROVIDING SOLUTIONS FOR ENERGY CONSERVATION AND REDUCING NEGATIVE IMPACT ON OUR ENVIRONMENT SINCE 1996"

- **Business type:** Manufacturer, distributor, retail sales
- **Products:** Tubular skylights, solar daylighting systems, energy efficient lighting, energy efficient solar lighting tubes, energy conservation, interior lighting, tubular daylighting device, domed skylight, sun-dome, residential & commercial, schools, "Hurricane tested" wind loads and large missile impact "Tubular Skylight" 07-0917. 03 Dade County, FBC-1628. 1 CSI- 08 62 23, Commercial lighting, hybrid solar electric lighting. Sun-Dome is a Green Building approved product as a renewable energy system that does not transfer heat or cold to interior and does not allow heated or cooled air to escape. .
- **Services:** Energy efficient skylights
- **Address:** 3520 Investment Lane Ste. 4, Riviera Beach, Florida 33404
- **Telephone:** 800-596-8414
- **FAX:** 561-840-7606
- **Web Site:** <http://www.sun-dome.net>
