

## Trico Tcwind

*One of the wind energy industry's leading power services company, Trico TCWind, an Integrated Power Services (IPS) company, is based in Litchfield, Minnesota. The company offers a complete line of repair services and field services for OEM wind turbines, as well as new product sales. Trico TCWind works closely with the major wind turbine and generator OEMs, helping to document and define service and repair standards. The company's operations in Litchfield serve as the IPS Minnesota Regional Service Center, and they serve wind energy customers with our regional service centers in Portland, Shreveport and Pittsburgh.*

- **Products:** Wind energy system components (large), wind energy system components (small), wind power plants, wind energy systems (large), wind turbines (small), wind turbines (large), AC & DC motors and generators, .
- **Services:** Maintenance and repair services, testing services
- **Address:** 111 East 10th Street, Litchfield, Minnesota USA 55355
- **Telephone:** 888-694-6200
- **Web Site:** <http://www.tricotcwind.com>

## Aladdin Solar

*Aladdin Solar offers professional site-assessment, design, consulting, installation and maintenance services for solar electric (photovoltaic) and solar thermal (hot water) systems in Minnesota.*

- **Business type:** Contractor
- **Products:** Photovoltaic systems, solar water heating systems, solar water pumping systems, backup power systems, batteries renewable energy system, solar electric power systems, Minnesota Solar Electric and Solar Hot Water Installation Services.
- **Services:** Consulting, design, installation, site survey and assessment services, contractor services
- **Address:** 1215 Lilac Ln, Excelsior, Minnesota USA 55331
- **Telephone:** 952-401-7073
- **Web Site:** [www.aladdinsolar.com](http://www.aladdinsolar.com)

## Energy Conservation Products And Services

*Manufacture, sales and service of space heating solar panels*

- **Business type:** Manufacturer, retail sales
- **Services:** Consulting, design, installation, education and training services, contractor services, maintenance and repair services
- **Address:** PO Box 393, Carlton, Minnesota USA 55718
- **Telephone:** 218-384-3158
- **Web Site:** <http://www.solarway6000.com>

## Westwood Renewables

*Westwood Renewables, LLC is the Midwest's leader in solar electric development, design and education. Our staff has more than 50 years of combined experience in PV and renewable energy and is regarded as the Midwest's experts in cold climate PV design and development. Westwood Renewables is dedicated to supporting the demands of commercial and utility scale PV projects in the Midwest.*

- **Business type:** Turn-key solutions from design to installation
- **Products:** Residential, commercial, and utility scale solar photovoltaic systems, grid-tied and stand-alone power systems, small wind systems, solar thermal systems, hybrid integration with PV and wind, hydro generators and batteries. Stand-alone applications for water pumping, efficient lighting and refrigeration. Whole building design using passive and active renewable energy systems. .
- **Services:** Design, installation, integration, project management, consulting, development, equipment supplier, installation, training, education
- **Address:** 7699 Anagram Drive, Eden Prairie, Minnesota USA 55344
- **Telephone:** 952-697-5700
- **FAX:** 651-815-0069
- **Web Site:** <http://www.westwoodrenewables.com>

## Equinox Sun-Wind Systems

*Small Wind & Solar Systems; Research/Testing and International Sales and Consulting*

- **Business type:** Manufacturer, retail sales, wholesale supplier
- **Products:** Wind energy systems (small), solar water heating systems, wind turbines (small) horizontal axis, wind turbines (small) vertical axis, wood burning stoves and furnaces.
- **Services:** Consulting, installation, project development services
- **Address:** P. O. Box 6442, Rochester, Minnesota USA 55903
- **Telephone:** 507-252-1213
- **Web Site:** <http://badaboompromo.com>

## Wind Energy Careers. com

*We provide executive search services for wind and alternative energy companies entering the U. S. market. We also assist global energy clients find wind energy projects and companies for alliance partnerships.*

- **Products:** Wind energy systems (large), biomass energy systems, biomass energy biofuel, air cooling system components.
- **Services:** Project development services, financial services
- **Address:** 700 Tenth Ave S, Minneapolis Life Science Building, Minneapolis, Minnesota USA 55415
- **Telephone:** 612-664-8888
- **Web Site:** <http://www.windenergycareers.com>

## Corval Energy Solutions

*Turnkey energy efficiency projects for industrial and large commercial facilities. Our scope spans audit and energy engineering/design through construction and commissioning, but we also perform piecemeal. We offer financing and grant application assistance, and also offer consulting services for project economic and technical review and improvement.*

- **Products:** Waste heat recovery systems, combined heat and power systems industrial, biomass energy systems, steam turbine electric generators, packaged power systems.
- **Services:** Consulting, design, installation, construction, engineering, project development services, research services, site survey and assessment services, financial services, contractor services, maintenance and repair services, testing services
- **Address:** 1633 Eustis Street, St Paul, Minnesota USA 55108-1219
- **Telephone:** 651-645-0451
- **Web Site:** <http://www.corvalgroup.com>

## Geothermal Systems LLC

*Design and installation of ground source geothermal heat pumps. Services include loop field design and installation, mechanical system installation and retrofit.*

- **Products:** Geothermal energy systems, heat pumps.
- **Services:** Consulting, design, installation
- **Address:** P. O. Box 636, Mound, Minnesota USA 55364
- **Telephone:** 952-960-9586
- **FAX:** 952-960-9586
- **Web Site:** <http://geothermalsystemsllc.com>

## [Greenenergycafe. Com](http://www.greenenergycafe.com)

*greenenergycafe. com is a beginning point for discovering how you can benefit from renewable energies, especially solar and wind. In addition, we focus on the need for and benefits of Feed-In Tariff Legislation as the necessary requirement for moving renewable energy implementation ahead. Use us as a beginning and ongoing resource of information.*

- **Products:** Advanced Renewable Energy and Solar books, subscriptions, solar items (from our online store). .
- **Services:** Site Survey and Assessment Services, Consulting, and Public Speaking on the Necessity of Feed-In Tariffs
- **Address:** Bloomington, Minnesota USA 55437
- **Telephone:** 952-292-1930
- **Web Site:** <http://www.greenenergycafe.com>

## [HG Windpower, Inc](http://www.hgwindpower.com)

*If you have been looking for a wind energy system for your home or business, we have your solution. Roof mounted magnetic vertical axis wind turbines (MVAWT) that magnetically levitate with permanent magnet drives thus eliminating friction, noise and costly maintenance, allow you to harvest large amounts of electrical energy at low wind speeds. These systems have been engineered and designed for installation on the roof of your home or business. The government and your local utility provider have been busy creating incentives to motivate you to install a renewable energy system. Combining this technology with these incentives make this is one of your wisest investments. We would love to hear from you so we can help you determine what system...*

- **Business type:** Retail sales, wholesale supplier, importer
- **Products:** Wind turbines (small) vertical axis, wind turbines (large) vertical axis, wind energy systems (small), systems utilize magnetic levitation accomplished with permanent magnet drives eliminating friction and noise.
- **Services:** Consulting, installation, project development services, site survey and assessment services
- **Address:** 2163 Kelly Circle, Shakopee, Minnesota USA 55379
- **Telephone:** 612-701-4730
- **FAX:** 952-445-5935
- **Web Site:** <http://www.hgwindpower.com>

## Just Wind LLC

### *Wind Farm Development*

- **Business type:** Wind Farm Development
- **Products:** Wind Power Plants currently in North Dakota.
- **Services:** Consulting, design, installation, construction, engineering, project development services, site survey and assessment services, financial services, contractor services, testing services
- **Address:** 500 Lake Street, Suite #203, Excelsior, Minnesota USA 55331
- **Telephone:** Office: 952-401-7685 or Cell: 612-245-6608
- **FAX:** 952-401-7684
- **Web Site:** [www.just-wind.com](http://www.just-wind.com)

## Mouli Engineering Inc.

*Comprehensive photovoltaic systems - site assess, design, install and commission. Sales and distributors for UL certified photovoltaic modules and small wind turbines (up to 20kW). Consulting for 1. Root cause determination of Failures, 2. Renewable energy farm development 3. Expert witness - Litigation & Insurance 4. Process optimization, 5. Reliability improvement & Statistical methods (outlier analysis) 6. Global business plan & Team Building, 7. Test coverage, Test screens for improved performance & reliability*

- **Products:** Photovoltaic systems, wind energy systems (large), wind energy systems (small), geothermal energy systems, Transmission & Distribution Power line monitoring & control.
- **Services:** Consulting, design, installation, engineering, project development services, research services, site survey and assessment services, testing services
- **Address:** 655 Lexie Court, Eagan, Minnesota USA 55123
- **Telephone:** 612-424-5176
- **Web Site:** <http://www.mouliengg.com>

## [Northland Engineering of International Falls](#)

*Northland Engineering specializes in the inspection, testing and rehabilitation of small and obsolete hydroelectric turbines. Rehabilitation includes runner repair, wet bearing replacement, wicket and shaft work. Our comprehensive inspection program uncovers problems before they become costly and the repairs lead to efficiency increases that pay for themselves.*

- **Products:** Hydroelectric turbines (small), hydro energy systems (small).
- **Services:** Consulting, engineering, site survey and assessment services, testing services
- **Address:** 122 Hiway Lane, International Falls, Minnesota USA 56649
- **Telephone:** 218-324-1194
- **FAX:** 832-778-5028
- **Web Site:** <http://www.northlandengineering.com>

## [Private Energy System, Inc.](#)

*Private Energy System, Inc. provide complete services from design, engineering, installation, project management, equipment procurement and commissioning of the best alternative energy system available anywhere. We offer turn-key integrated systems that include Vertical Access Wind Turbines, Horizontal Wind Turbines, Renewable Energy Storage Systems, Hybrid Wind and Generator Products, System Control and Automation. We are proud to offer the first Renewable Wind Energy Private Power Plant that generate and stores 100% clean energy for private use. Our private power plants are designed to be placed on a facility's limited property with on-site energy storage that is scalable to handle the corporate, manufacturing, educational, government, ...*

- **Services:** Consulting, design, installation, construction, engineering, project development services, education and training services, research services, site survey and assessment services, financial services, contractor services, maintenance and repair services, recycling services, testing services
- **Address:** 434 Hale Ave North, Oakdale, Minnesota USA 55128
- **Telephone:** 651-747-8081
- **FAX:** 651-747-8142
- **Web Site:** <http://privateenergysystems.com>

## Saari & Forrai Photography

*Saari & Forrai Photography is a professional photography firm, one of our specialty is promotional wind farm, wind turbine photography. We are contacting potential companies to offer our quality professional service to create ad pieces, public relation materials, power point presentations. . . We invite you to visit our new website.*

- **Business type:** Wind farm photography
- **Products:** Wind energy system illustration for web, publications, display, presentations. . . .
- **Services:** Creative promotional photography
- **Address:** 2465 119th Court, Minneapolis, Minnesota USA 55449
- **Telephone:** 763-784-4588
- **Web Site:** <http://www.saariphoto.com>

## Alternative Energy Systems

- **Business type:** Distributor
- **Products:** Photovoltaic PV modules, battery charge controllers, portable power systems, DC/AC Inverters.
- **Services:** Consulting
- **Address:** 717 East Hawthorne Ave., Saint Paul, Minnesota USA 55106
- **Telephone:** 651-776-3289
- **FAX:** 651-647-1380

## ATR Electronics, Inc.

- **Business type:** Manufacturer, retail sales
- **Products:** Backup power systems, DC to AC power inverters, computer software, alternative homes and buildings, DC lighting, 802.11a Wireless linked Java Applets via the internet to permit monitoring and control of ATR customer 'off the grid' domiciles.
- **Services:** Consulting, installation, engineering, project development services, research services
- **Address:** 3216 Leyland Trail, Woodbury, Minnesota USA 55125
- **Telephone:** 651-738-1965
- **FAX:** 651-738-1965

## Conservation Technologies

- **Business type:** Retail sales, wholesale supplier
- **Products:** Photovoltaic modules, energy efficient homes and buildings, solar collectors evacuated tube, air filtering and purification systems, backup power systems.
- **Services:** Consulting, design, installation, project development services, site survey and assessment services, contractor services, maintenance and repair services
- **Address:** 4804 Oneota Street, Duluth, Minnesota USA 55807
- **Telephone:** 218-722-9003
- **FAX:** 218-628-3646

## Cymbet Corporation

- **Business type:** Manufacturer
- **Products:** Rechargeable batteries, lithium ion batteries, batteries - solid state.
- **Address:** 18326 Joplin St. NW, Elk River, Minnesota USA 55330
- **Telephone:** 763-633-1780
- **FAX:** 763-633-1799

## Delta Light

- **Business type:** Engineering, research and design, consulting
- **Products:** LED Lighting for architectural, medical, general purpose lighting. Wavelengths available from UV to IR in a variety of packages and styles. .
- **Address:** PO Box 202223, Minneapolis, Minnesota USA 55420
- **Telephone:** 763-354-6581

## **Delve Energy Group LLC**

- **Products:** Biomass energy systems, cogeneration systems, cogeneration system components, geothermal energy systems, packaged power systems, wind power plants, Steam Turbine Generators, Surplus Power Equipment, Owner's Engineer, Wind Power Plants, O&M, Due Diligence, Gas Turbine Combined Cycles, Steam Systems, Boilers, Controls, Training, Power Plants, Renewable Energy, Solar Power, Geothermal Heat Pump Systems, CHP, Energy Audits, Energy Conservation, Feasibility Studies, Reliability Audits, Power Plant Operations Improvements.
- **Address:** 855 Foxberry Farms Road, Minneapolis, Minnesota USA 55340
- **Telephone:** 763-478-3580
- **FAX:** 763-478-2430

## **Distributed Power Solutions Corporation**

- **Products:** Computer software, photovoltaic systems, wind energy systems (small).
- **Address:** 2500 Como Avenue SE, #4, Minneapolis, Minnesota USA 55414
- **Telephone:** 877-858-1037

## **H-Tech Inc.**

- **Business type:** Exporter/Importer, System Integrator, Wholesale supplier,
- **Products:** Fuel Cells & Hydrogen related equipment for education, research and light industrial applications. Fuel cell stacks, testing equipment, components, electrolyzers, portable fc generators, hydrogen generators, hydrogen storage - compressed & metal hydride units, regulators and much more. Explore and find your Fuel Cell & Hydrogen equipment and information today H-Tech Inc. is your Fuel Cell & Hydrogen Resource. .
- **Services:** Distribution & Marketing, System Integration
- **Address:** P. O. Box 47053, Plymouth, Minnesota USA 55447
- **Telephone:** 1-866-405-2223
- **FAX:** 1 516-620-0324

## H2 Prime

- **Business type:** Hydrogen Power Systems Consultants
- **Products:** Hybrid power systems, fuel cell systems, backup and stand alone power systems consulting..
- **Services:** Site evaluations, System Design, Project Managment
- **Address:** 529 7th St.South, Minneapolis, Minnesota USA 55415
- **Telephone:** 612-386-3029

## HRST, Inc.

- **Business type:** Consulting
- **Services:** Steam turbine electric generators, cogeneration systems, heat exchangers, gas turbine electric generators, Boilers
- **Address:** 7510 Market Place Drive Suite 102, Eden Prairie, Minnesota USA 55344
- **Telephone:** 952-833-1427
- **FAX:** 952-833-1429

## Innovative Power Systems, Inc.

- **Business type:** Service, contractor, construction, engineering
- **Products:** Packaged power systems, renewable energy system batteries, photovoltaic systems, solar water heating systems, solar electric power systems, backup power systems, small wind power systems, natural lighting.
- **Services:** Consulting, design, supplier, installation
- **Address:** 1153 Sixteenth Ave SE, Minneapolis, Minnesota USA 55414
- **Telephone:** 612-623-3246
- **FAX:** 612-623-4041

## JEI Energy Solutions

- **Business type:** Manufacturer, Wholesale Supplier, Importer, Exporter
- **Products:** Wind Turbines (large) Vertical Axis wind turbines up to 1080Kw (small) vertical axis, wind turbines (large) horizontal axis up to 1.5Mw, (small) HAWT, Wind Energy Towers (monopole and lattice) and Structures (small) ZESS 50 Energy Storage Systems. Solar Trif Systems 1 Mw plus. Deep cycle Battery Storage systems. Diesel Generators. Hybrid (UPS) stand alone Power Plants 2Mw. .
- **Services:** Installation, Wind Assessments, Design Consultation, Engineering
- **Address:** 6286 144th St, Savage, Minnesota USA 55378
- **Telephone:** 952-201-0396
- **FAX:** 952-440-1819

## Lotus Energy Consulting

- **Products:** Energy efficient homes and buildings, photovoltaic systems, solar water heating systems, solar air heating systems, wind energy systems (small), uninterruptible power supplies UPS.
- **Services:** Consulting, design, installation, project development services, site survey and assessment services
- **Address:** 6015 Seamans Drive, Shorewood, Minnesota USA 55331
- **Telephone:** 952-513-8400

## M8 Electric Solutions, LLC

- **Business type:** Electrical Contractor
- **Products:** Photovoltaic systems, diesel electric generators, energy efficient lighting, fluorescent lighting fixtures and ballasts, LED lighting, solar electric power systems, Electrical Contracting.
- **Services:** Design, installation, construction, contractor services, maintenance and repair services, testing services
- **Address:** P. O. Box 80239, Minneapolis, Minnesota USA 55408
- **Telephone:** 612-490-9443
- **FAX:** 612-235-3376

## Millwright Mechanical Inc.

- **Business type:** Service, Fabrication, Consulting, Failure Analysis, Process Safety, Management
- **Products:** Hydroelectric turbines (small)15 MW or less.
- **Services:** Construction, contractor services, maintenance and repair services
- **Address:** 3633 County Rd. 92 E., International Falls, Minnesota USA 56649
- **Telephone:** 218-240-4082
- **FAX:** 218-286-5691

## National Wind, LLC

- **Products:** Wind power plants, meteorological towers (60 meter, 80 meter).
- **Services:** Wind project management, met tower leasing & construction, wind data collection & analysis, site analysis, financial services
- **Address:** 3033 Excelsior Blvd Suite 525, Minneapolis, Minnesota USA 55416
- **Telephone:** 612-746-6600
- **FAX:** 1-888-867-0688

## Natural Energy Systems, Inc.

- **Business type:** Retail sales
- **Products:** Solar PV.
- **Address:** 1802 Richard Ct., St. Paul, Minnesota USA 55110
- **Telephone:** 651-407-1353
- **FAX:** 651-407-1353

## Navitas Energy, Inc.

- **Products:** Wind power plants.
- **Address:** 3001 Broadway Street NE, Suite 695, Minneapolis, Minnesota USA 55413
- **Telephone:** +1 612-370-1061

## NoMowGrass. com

- **Business type:** Retail sales
- **Products:** Electric lawn mowers, landscape, mowers, wildflowers.
- **Address:** 50277 130th, Lyle, Minnesota USA 55953
- **Telephone:** 888 Low-Grow
- **FAX:** 507-437-0063

## Odysen

- **Products:** Solar electric power systems, wind energy systems (small), hybrid power systems, backup power systems.
- **Address:** 2500 Como Avenue SE #4, Minneapolis, Minnesota USA 55414
- **Telephone:** 612-379-8920

## Red Rock Energy

- **Business type:** Manufacturer, retail sales
- **Products:** Solar tracking systems & heliostats .
- **Address:** 1825 Florence St., White Bear Lake, Minnesota USA 55110-3364
- **Telephone:** 651-426-4766

## Shelter Supply

- **Business type:** Retail sales, wholesale supplier, service
- **Products:** Alternative construction, energy efficient buildings.
- **Services:** Building Science Consulting
- **Address:** 17725 Juniper Path, Lakeville, Minnesota USA 55044
- **Telephone:** 1-800-762-8399
- **FAX:** 952-898-4555

## Solarhardware.com

- **Business type:** Retail sales, wholesale supplier, exporter
- **Products:** Solar electric power systems, wind turbines (small), solar cooking systems, DC to AC power inverters, appliances, backup power systems.
- **Services:** Consulting, project development services
- **Address:** 3808 Grand Ave So, Minneapolis, Minnesota USA 55409
- **Telephone:** 612-824-1111

## **SSESCO, Inc.**

- **Products:** Wind energy systems (large), wind energy systems (small), computer software.
- **Address:** 1217 Bandana Blvd. N., St. Paul, Minnesota USA 55108
- **Telephone:** 651-842-4270

## **Thermco Supply**

- **Business type:** Wholesale supplier
- **Products:** Geothermal energy systems, geothermal energy system components, heat exchangers, air filtering and purification systems, air heating systems, air cooling systems.
- **Services:** Consulting, design, engineering, education and training services, site survey and assessment services
- **Address:** 3947 E Calvary Rd. Ste 101, Duluth, Minnesota USA 55803
- **Telephone:** 218-724-5555
- **FAX:** 218-724-5580

## **Triangle Energy Group (TEG)**

- **Business type:** Energy Resource Development
- **Products:** Energy Strategies and/or Systems designed to maximize customer benefits by leveraging their unique opportunities. TEG specializes in biomass (Solar Energy-Stored Naturally ) solutions that include established relationships with: 1) TEG has organized Mobile Green Fuels, LLC to market and build mobile biodiesel production facilities as part of the TEG relationship with the developers of the revolutionary Mcgyan biodiesel process, McNeff Research Consultants, Inc. of Anoka, MN. 2) Whole Tree Energy technology developed by Energy Performance Systems, Inc., Rogers, MN. Additional information about TEG and its offerings is available at its website. .
- **Services:** Energy Project development services
- **Address:** PO Box 8227, St. Paul, Minnesota USA 55108-1610
- **Telephone:** 952-471-7571
- **FAX:** 952-471-7060

## **Utility Engineering**

- **Products:** Packaged power systems.
- **Services:** Consulting, design, engineering, project development services
- **Address:** 901 Marquette, Minneapolis, Minnesota USA
