

[XC3 International LLC](#)

The Founders of XC3 International have been in the PV industry since the early 1980's. Their resumes include positions at Arco Solar, Solarex, Photocomm, Kyocera Solar Inc, Matrix Solar Technologies and Photowatt Technologies. They have managed the manufacturing, engineering, sales & marketing of PV modules and systems. XC3i was founded in 2005 primarily as a consulting firm servicing the emerging photovoltaic industry. Our clients were finding it hard to secure reliable supply from traditional manufacturing and supply channels. Their needs dictated that we expand into manufacturing and product supply. Our business model is simple and very effective. We have leveraged our extensive experience in the solar industry for the benefit of our cli...
